Job Summary

The Nursing Assistant Trainee is enrolled in a learning experience designed to develop the confidence and competence to serve as a caregiver that provides personal care to clients. Under the supervision of a licensed nurse, the trainee, in partnership with a preceptor, provides holistic client-centered care that promotes independence and client rights in a safe, caring, and efficient manner. The trainee is required to work within the role of a non-certified nursing assistant. The trainee is enrolled in a formal nursing assistant program and is required to fulfill all training requirements in the designated timeframe. The Trainee is not allowed to perform any service(s) unless they have been trained and found to be proficient by the instructor. The program is delivered in hybrid format which includes an online curriculum and hands on skills development. Trainees learn the skills and processes needed to provide care and assistance to clients. At completion of the training program, participants will be prepared to take state knowledge and skills exams to obtain the Certified Nursing Aide (CNA) or other state certification designation.

While in the Nursing Assistant Training Program, the trainee serves as a member of the nursing team and will be held accountable to know and follow location-specific standards for infection prevention and control, personal protective equipment use, safety, and privacy. The trainee demonstrates the ability to follow written and verbal instructions. This role requires an ability to do detailed work correctly, handle

stress, demonstrate critical thinking, and prioritize responsibilities. The trainee works with clients and their families to ensure their physical, cognitive, spiritual, emotional, and social needs are met. The trainee delivers age-appropriate care to meet the physical, psychological, and restorative needs of the client as defined in the care plan.

The trainee assists the care team and documents client care when appropriate. The trainee communicates changes in client condition and care-related concerns to a licensed nurse. The trainee assists with basic health care needs and activities of daily living such as bathing, toileting, grooming, dressing, undressing, obtaining vital signs, providing psychosocial support, and delivering other personal care as assigned. The trainee assists the client in transferring, repositioning, range of motion exercises, and walking using appropriate transfer techniques and equipment. The trainee assists clients with meals and snacks and provides water and nutritional supplements as appropriate. The trainee assists with housekeeping, laundry services, and other duties as assigned within non-certified nursing assistant role.

Qualifications

High school graduate or general equivalency diploma (GED) preferred, but not required.

Minimum age of 16. Prior clinical or nursing assistant experience in long-term care preferred.

When applicable, for applicable states, certified and registered with the Unlicensed Assistive Person (UAP) Registry.

Dependent on facility and required responsibilities, this role may classify as a Sanford Category II Driver requiring a motor. Vehicle report and proof of valid driver's license. Must be medically qualified to perform the essential driving functions of this position as per our Sanford Driving Policy per the leaders request.

Job Summary

The Nursing Assistant (NA) serves as caregiver to the resident during the scheduled work period in long term care. Provides resident-centered nursing care and daily living assistance to assigned resident under the supervision of a registered nurse (RN). Knowledge of and delivers age-appropriate care related to the physical and psychological needs of the resident as per care plan. Considered a member of the nursing team and is expected to know, and will be held accountable for, following infection prevention and control policies and Personal Protective Equipment use. Provides assistance with basic health care needs including daily living activities that may include, but are not limited to, bathing, toileting, grooming, dressing/undressing, obtaining and recording vital signs, and providing psychosocial support and other personal care to assigned resident. Assists the resident in transferring, repositioning, and walking using correct and appropriate transfer techniques and equipment and also provides range of motion and passive exercises. Completes tasks related to food preparation and dining, while creating a positive dining experience for the resident. Assists residents with meals and snacks, provides water and supplements as appropriate.

The NA aids providers and nursing staff members with procedures, if needed. Documents resident interactions as needed and the outcomes related to resident care, behavior, activity, and dietary. Communicates resident's changing condition and care related concerns/responses to the charge nurse. Collects non-invasive body fluid specimens and gathers vital signs. Provides housekeeping and laundry services to assist residents with keeping living areas clean and operational. Provides assistance and documentation with wellness and recreational programs and encourages residents to participate. May participate in departmental/organization committees and task forces as needed.

Qualifications

High school graduate or general equivalency diploma (GED) preferred, but not required.

Minimum age of 16. Prior clinical or nursing assistant experience in long-term care preferred.

Required Certified Nursing Assistant (CNA) certification with the State Board of Nursing, or state certified CNA within four months of date into the position by being enrolled in a training program or in the process of obtaining certification through Endorsement. CNA training and certification required and provided by facility.

Satisfactorily completes yearly department specific competency testing and maintains a record of continuing education credits for each year. A minimum of 12 hours continuing education are required annually. Maintains all department specific required certifications.

When applicable, for applicable states, certified and registered with the Unlicensed Assistive Person (UAP) Registry.

Dependent on facility and required responsibilities, this role may classify as a Sanford Category II Driver requiring a motor

vehicle report and proof of valid driver's license. Also must be medically qualified to perform the essential driving functions of

this position as per our Sanford Driving Policy per the leaders request.
